

JAMESTOWN COMMUNITY COLLEGE & UNIVERSITY OF PITTSBURGH AT BRADFORD TRANSFER MASTER AGREEMENT and EARLY LEVEL EDUCATION (PK-4) PROGRAM COURSE EQUIVALENCIES

The University of Pittsburgh at Bradford (UPB) and Jamestown Community College (JCC) set forth the conditions upon which UPB will guarantee admission of students from JCC into UPB's baccalaureate programs. This document sets forth those conditions, which the parties hereby agree to. The requirements that follow apply to all programs at UPB unless otherwise noted.

A. Overview of the agreement

This agreement applies to courses delivered at JCC as of the 2018-2019 academic year. Its purpose is to provide JCC students the opportunity to pursue a Bachelor of Arts (BA), Bachelor of Science (BS), or Bachelor of Science Nursing (BSN) degree at UPB.

B. Provisions for review and termination

1. JCC agrees to promptly notify UPB upon any substantive modification to courses listed in this document, and further agrees that the terms of this agreement will no longer hold unless UPB provides written approval that the curriculum changes do not alter the intent of this agreement.
2. UPB agrees to provide JCC with information about UPB's programs of study and any changes to the curriculum, should they occur. Conditions for admission are stipulated in section C of this document.
3. The terms of this agreement shall remain in effect, except as stipulated in certain previous terms as listed herein, until terminated by either party. Either party may terminate the agreement with or without cause, on the provision of 120 days written notice to the other party.

C. Admission requirements, transfer of credits, and opportunity to graduate

1. UPB agrees that students from JCC will be admitted to their choice of degree program from among those outlined in this document given that they satisfy the following conditions:
 - a. Completion of up to 75 transferable credits with a minimum grade of "C" = 2.00 in each transferred course.
 - b. A minimum cumulative grade point average (GPA) of 2.5 [2.6 for Biology Education (7-12); Business, Computer and Information Technology (PK-12); Chemistry Education (7-12); Early Level Education (PK-4); English Education (7-12), Health and Physical Education (PK-12); Mathematics Education (7-12); and Social Studies Education (7-12)].
 - c. Students must meet UPB conduct standards in regard to known behavioral problems.
 - d. Students must complete the application and deposit requirements by May 1.

JCC students who transfer a minimum of 60 credits with minimum grades of "C" will be admitted to UPB with junior standing. JCC students who enter UPB with at least 54 credit hours that fulfill requirements for any degree program outlined in this document, maintain full-time enrollment of 15-18 credits, register for recommended courses, and earn minimum grades of "C" will fulfill graduation requirements for the bachelor's degree in four full-time fall and spring semesters at UPB unless otherwise specifically noted in this agreement.

Bachelor of Science in Early Level Education (PK-4) program

A minimum of 120 credits are required, 30 of which must be upper-level.

D. Due to the certification requirements of the Early Level Education (PK-4) program, this additional language serves as an addendum to the Transfer Master Agreement:

In addition to the admission requirements in section C. of the Transfer Master Agreement, admission to the Early Level Education (PK-4) requires the following:

- Students must pass a basic skills assessment.
- Students who have already taken any courses at UPB must have a 3.0 minimum cumulative UPB grade point average, with no grade below a "C-" in a course required for the Biology Education (7-12) program. A student can be provisionally admitted with a 2.8 GPA.
- Students must have current clearances including PA Child Abuse, PA State Police Criminal Check, and FBI clearance, all obtained through the PA Department of Education system.
- Students must complete the pre-requisite courses EDUC 0204 (students can take EDU 1510 at JCC) and EDUC 0235 (students must take this course at UPB). Students who take these courses after they transfer to UPB, and earn a minimum grade of "C-" for both courses and for all other courses taken at UPB, will then be admitted to the Biology Education (7-12) program but may require more than four semesters at UPB to complete program.

General Education Requirements

Some courses may also count toward major requirements, and some majors require specific General Education courses to fulfill degree requirements. See the curriculum sheets beginning on page 5 for detailed degree requirements.

Written Literacy 6 credits

ENG 0101 English Composition I

-JCC: ENG 1510

ENG 0102 English Composition II

-JCC: ENG 1530

Note:-JCC: ENG 1530 and ENG 1540 will also fulfill the 6-credit Pitt-Bradford Written Literacy requirement.

Mathematics (two courses)

Suggest MATH 0098 College Algebra II and MATH 0110 Fundamentals of Mathematics or designated higher-level math courses.

-JCC: MAT 1220 or above (exception – cannot use MAT 1540)

Freshman Seminar 3 credits

Students matriculating at Pitt-Bradford with fewer than 18 hours of college credit are required to enroll in Freshman Seminar during their first semester. Students enrolling in associate-degree, pre-engineering, or pre-pharmacy programs are exempt from this requirement.

The Human Experience

The Human Experience is Pitt-Bradford's General Education program. It is important that in addition to the depth and breadth of knowledge acquired in a student's major discipline of study, every student must have an appreciation and understanding of the many other fields of study that affect our understanding of the human experience. The college's General Education program is designed to provide that appreciation and understanding, as well as the foundation skills essential for academic success and lifelong learning. The Human Experience comprises these five subcategories: I. Arts and Letters; II. Behavioral, Economics, and Political Sciences; III. History, Culture, and Philosophical Inquiry; IV. Physical, Life, and Computational Sciences; and V. Physical Education.

Students who matriculate and enroll beginning with the Fall of 2013 are required to complete two courses designated as "Global" part of the Human Experience curriculum. This replaces the previous Non-Western requirements.
